My dear Miss Bartzell,

You dear

good child to write me again,

But dear if you know how

very poorly your "old Chappie"

is, and has been since leaving

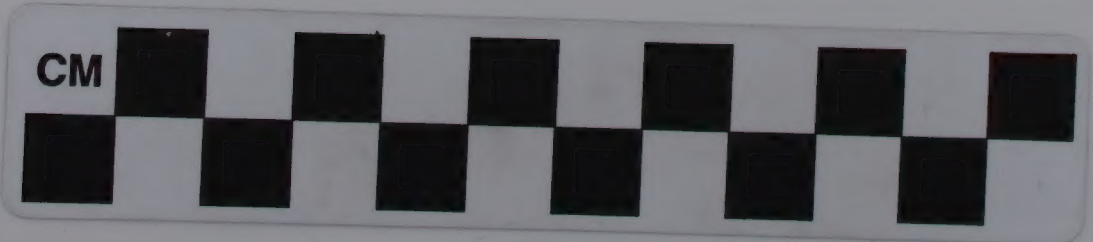

the south, you would forgive

me

I caught a very severe cold

travelling north ^{to Iowa} And had

to have the first

Am so very thin, that I'm looking somewhat
dreadful and if I keep on I'll soon
be moving around and sitting in my
bare bones.

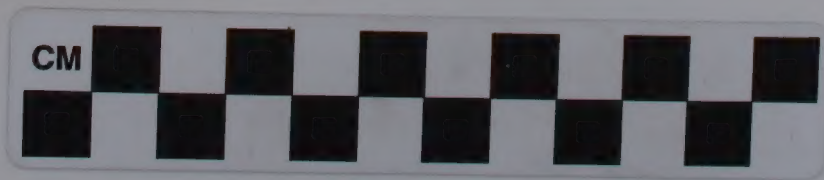

Mr & Mrs. Mother and Sister are here, have
been for a month and I suppose will be
here the rest of the summer and live
with us and have them to wait upon.

They've spoiled all my plans for the summer
I've been waiting to see about
arrangements to have you come to
see me, but they seem to be first.

much I would love to see you, and
visit me and live over the happy
spirit together last winter.

and it is for your cousin and his
wife, to lose their dear children and
feel for them so, for I've been through
the agony of seeing my darling baby
suffer so long and death take her at
last.

I know you are such a comfort to them
for you helped me so last winter.
The weather here is delightful now, as it
always ~~was~~ is in summer.

as become
and Mr Knight.
write me all about every
thing yourself in particular.
Mr Whitworth is up at the
mines will deliver your
regards when I see him.
Mr T. sends his regards and
would like very much to
see you again.
Are you feeling as well as
you were in Florida?
Tell me all about yourself
And write me very soon.
My dear little sister (your double)
has just left me she
with me only a week on her
way home from Lake
Michigan.
How much longer do you
to be on this case
come on up
or Cleveland
